

MANOR HILL NEWS

7th March 2025

Dear Parents and Carers,

We have had a beautiful week here at Manor Hill, the sunshine has been welcomed and enjoyed by all!

On Monday in Assembly Mr Tapp explored festivals with the children and on Tuesday we celebrated Pancake Day together by enjoying a delicious pancake.

Reception very much enjoyed their visit to Balance and Beam on Thursday, this is a wonderful experience to develop confidence and physical development and we appreciate your support in making this visit possible.

Mrs Harris has made her first visit to Manor Hill this week, she very much enjoyed seeing the children who made her feel very welcome. Over the coming weeks she will join us for a variety of events to support the smooth transition after Easter.

World Book Day has been a tremendous success this year! The children's costumes were incredible and we all enjoyed a special assembly with a story quiz too!

Special thanks to all who created a 'book in a box', they are exceptional and it is clear that lots of hard work went into them. We will display them with pride in our reading areas.

Have a lovely weekend,
Jess Chambers

Governor Vacancy

We have a Parent Governor Vacancy. Nomination forms can be found here:

<https://www.manorhillfirst.co.uk/our-school/governance>

Red Nose Day

Red noses are on sale in the office now! On 21st March we invite all children to wear their party clothes to join our RND party!

Donations via Arbor for RND please.

MANOR HILL NEWS

Learning Highlights

- In Nursery this week the children have been exploring all things pancake! They have explored different textures and developed their physical skills and vocabulary through their play.
- In Reception this week the children have continued their focus on The Tiny Seed and have written fantastic sentences to retell the story.
- Key Stage 1 have continued their hard work trying to persuade the Crayons who have quit to return. We are hoping that their excellent writing is successful in achieving their speedy return!
- In Key Stage 2 the children have been focussing on teeth and the digestive system within their Science work gaining valuable new knowledge and vocabulary. Please ask them to tell you about their learning.
